||| GOLDTOUCH GO!2 MOBILE KEYBOARD

Designed from the ground up for the mobile or office professional, the light and sleek Goldtouch Go!2 Mobile Keyboard offers personalized comfort in both wired and wireless versions. Plus it folds to a compact size for even greater travel convenience.

The patented ball-and-lever locking mechanism, integrated in the Goldtouch Go!2 Mobile Keyboard, adjusts to the unique needs of every individual — who vary according to body type, height, weight, shoulder width, and hand position.

Mobile workforces face unique challenges when on the road, especially when faced with a multitude of working environments, like airplane seats, coffee shops and hotel rooms. Adjustability and customization are particularly important for these essential employees. They need tools that are portable and adjustable to foster greater comfort and better posture.

The combination of portability and personalization is what makes the Goldtouch Go!2 Mobile Wireless Keyboard so essential. Plus, it's the only travel keyboard that can significantly improve personal productivity while reducing the risks associated with Repetitive Strain Injuries (RSIs) like carpal tunnel syndrome.

||| FEATURES AND BENEFITS

- **Wired or Wireless:** Bluetooth model is compatible with a wide range of devices, including iPad, iPhone, tablets, smart phones, smart TVs, Ultrabooks and laptops.
- **Adjustable:** 0°–30° adjustments along the horizontal plane, combined with additional 0°–30° adjustments for vertical tenting.
- **Comfort:** Scissor-switch key system for fluid, silent keystrokes with tactile feedback.
- **Compact Size:** Allows for use in limited-space environments like airplanes and hotel desks.
- **Compatible:** Works with PC and Mac, supporting Windows 10, 8, 7, Vista, XP, 2000 and Mac 10.4 and above. Supports Multimedia Keys for both Windows and Mac.

The Go!2 Mobile Keyboard folds in half for convenient storage while on the go.
