LEITZ[®]

Stay active and Feel Good with the Leitz Ergo Balance Board. Improve your posture, help reduce back pain and boost your energy level with the premium Leitz Ergo Balance Board. Designed for standing desks, this wobble board features a balanced 14° tilt that encourages natural micro-movements while you work. Regular use can strengthen core muscles, improve balance and promote blood circulation. Tested and certified by the German Institute for Health and Ergonomics (IGR). Ideal for long hours standing or sitting to reduce foot fatigue, improve posture and stay alert throughout the day. The anti-fatigue textured massage surface supports your joints and muscles, while the removable massage ball provides targeted relief for feet, wrists and shoulders. FSC-certified durable wood base with non-slip design for safety. Can also be placed under your desk for soothing rocking while seated. Its minimalist style fits any home, office or gym, and the integrated aluminium handle makes carrying and storage effortless.

Features

- Low-impact rocking motion keeps legs and core muscles moving to help improve posture and reduce back pain caused by prolonged standing or sitting
- Perfectly balanced with a 14° tilt to create natural and effective micro-movements for efficient training of legs and feet
- Anti-fatigue textured massage surface can reduce pressure on joints and muscles and increase blood flow, helping to boost energy and concentration
- Features a unique removable massage ball (50 mm) for deep, targeted relief to feet, as well as tired wrists and shoulders
- Premium quality soft, durable foam surface for optimal grip — suitable for shoes, socks or bare feet — with a water-resistant, easy-to-clean surface
- Tested and recommended by the German IGR Institute for health and ergonomics, in accordance with DIN 26800 EN ISO 15537
- Compact and lightweight with a solid integrated aluminium carry handle — easy to transport, store, or hang on a Leitz Ergo organiser (65490000) when not in use
- Durable material ideal for high-traffic areas. Anti-scratch, non-slip solid FSC-certified wood base protects floors and supports up to 200 kg
- Delivered fully assembled in recyclable plastic-free packaging with a simple instruction manual
