

Writing platform & Document Holder **Modulo**

The Modulo document holder is a simple and effective solution allowing optimal layout of the workstation, while offering direct reading of documents, thus limiting cervical twists and visual fatigue.

It features a sliding tray to provide good support close to the body when taking notes. Thanks to a very simple system, its inclination is adjustable to 14 levels to adapt to the constraints of the workstation and the needs of the user.

Specifications

Rear section height	9.5–14.1 cm
Dimensions (W x D)	49.7 x 38 cm
Sliding tray dimensions (W x D)	49 x 30 cm
Stop	0.7 cm on the sides and 1.9 cm in the middle
Weight	2.35 kg
Tilt adjustment levels	5 front notches and 9 rear notches
Tray	Sliding
Warranty	2 years

USP

- Simple and robust design
- Sliding tray for easy note-taking
- Multiple tilt adjustments in inclination
Due to its 14 levels set up
- Ruler to guide the reading of documents
- Extra-flat position for a low screen position
