

X-Per Multi-Connection Keyboard

The X-Per multi-connection ergonomic keyboard is designed to provide optimal typing comfort, helping to limit muscle fatigue and the risk of repetitive strain injuries.

Thanks to its quiet concave keys and robust aluminium structure, it ensures precise and comfortable typing. Its triple connectivity - USB, 2.4 GHz wireless and Bluetooth 5.0 - enables versatile use: the wired version works via USB-C/USB-A, while the wireless version, equipped with a 450 mAh lithium battery, offers several weeks of battery life. Available in standard and compact versions, it promotes better wrist and hand alignment while fitting seamlessly into any workspace.

USPs

- Multi-connection: wired, 2.4 GHz wireless and Bluetooth
- Rechargeable battery
- Compact and slim
- Robust and lightweight aluminium construction
- Laptop-style typing comfort
- Quiet keys
- Compatible with a central pointing device
